

# Rules Of The Road

1. **Wear a Helmet** – Protect your head. Your helmet should set level on your head and rest about 1" above your eyebrows. The straps should form a "V" around your ears. The straps should be snug, but allow enough room for two fingers between your chin and strap.
2. **Obey Traffic Laws** – Bicycles are vehicles. Ride on the street not on the sidewalk. Obey all motor vehicle traffic laws.
3. **Ride on the Right** – Ride with the flow of traffic.
4. **Ride a Straight Line** – Be predictable so motorists know what to expect from you. Avoid weaving in and out of traffic.
5. **Use Hand Signals** – Signal to other vehicles when turning or stopping
6. **Beware of Intersections** – Make eye contact with other vehicles to make sure they see you before going through an intersection.
7. **Use Lights at Night** – Use white headlights and red taillights or reflectors when riding at night.
8. **Keep your Bike in Good Condition** – Check your air pressure and brakes before riding.
9. **Be Courteous** – Share the road with other drivers.
10. **Learn from Experienced Cyclists** – Join Bicycle Owensboro!

**Bicycle Owensboro wishes to thank the City of Owensboro, Daviess County Fiscal Court, and Kentucky District Transportation Department for their continuing contributions toward making Owensboro-Daviess County a bicycle-friendly community.**

**A special thank you to Audubon Community Services Inc, and the GRITS garage for their cooperation with Bicycle Owensboro.**

...seeks to create a friendlier, greener, healthier, and safer community through bicycling.

### Who are We?

We are casual riders, racers, bicycle commuters, mountain bikers, family Greenbelt riders, triathlon participants and all those who enjoy "the wind in their hair" (under a helmet of course). Some of us are teens and some of us are grandparents.

Some of us ride year-around. Some of us wait for the first sign of spring to begin our favorite outdoor activity. ALL of us join in the effort to promote Owensboro as a "Green City" with a comprehensive system of bike routes that connect schools, neighborhoods, downtown and the Greenbelt.

Find us on Facebook to receive updates of all our exciting events and news.

**Join Bicycle Owensboro and join in the fun.**
