

## Veteran Services

The Kentucky Career Center also has a full suite of services geared toward military veterans to help with job training, job placement and much more. Disabled Veteran Outreach Program Specialists (DVOPS) are trained specifically to assist veterans with their employment and training needs. These dedicated veteran staff members work with other Kentucky Career Center staff members, the Veterans' Employment and Training Service, the Department of Veterans Affairs and various other organizations in providing veterans with priority services designed to improve employability and career options. Our DVOPS can assist with:

- Finding a career;
- Specialized job skills training;
- Services for veterans with disabilities (through our Office of Vocational Rehabilitation and our Office for the Blind);
- Veteran-specific programs such as the Gold Card Initiative that helps post Sept. 11, 2001 vets with skills assessment, career counseling and job search assistance; and
- Services to employers who want to hire veterans
